

UNIQUE FEATURES OF OUR PROGRAM (UDAY STARTUP SCHOOL)

Program Highlights

- Our program is designed to provide a comprehensive startup experience, with the following unique features:
 1. Startup Essentials: Learn startup fundamentals around an idea of your choice, gaining practical knowledge and insights.
 2. Team Collaboration: Work in teams to develop essential skills, build your network, and potentially find future co-founders.
 3. Task Assignments: Get hands-on experience with real-world tasks, simulating the work required to build and run a startup.
 4. 1-on-1 Sessions: Receive focused mentorship and guidance through personalized sessions, discussing various aspects of startup development.
 5. Interactive Sessions: Engage in lecture-cum-discussion sessions that foster brainstorming around startup essentials.
 6. Uday Community: Gain access to our platform and community of graduate students for 1 year, providing:
 - Role opportunities (intern, cofounder) in startups
 - Participation in events and activities
 - Recruitment opportunities for your startup team
 - Collaboration and brainstorming with like-minded individuals
 - Guidance and mentorship from experienced professionals
 7. Experienced Mentors: Learn from startup founders who have hands-on experience in building and running successful startups.
- These features combine to provide a comprehensive and immersive startup experience, equipping you with the skills, knowledge, and network necessary to succeed in the startup ecosystem.
